

ROLLER FABRIC COLLECTION

Roller Shades

Clean lines. Precise light control. A finish selected for the room.

A guided in-home selection

Review the collection online, then confirm color, texture and opacity with the physical fabric in your own light.

Start with the room, not the swatch.

Recommended for Living rooms, bedrooms, offices, media rooms and clean architectural interiors.

01

Light filtering

Softens daylight while keeping the room bright.

02

Solar and open weave

Reduces glare while preserving more outward view.

03

Blackout

Supports a darker room when paired with the right fit and light-gap plan.

Your digital shortlist is only the starting point.

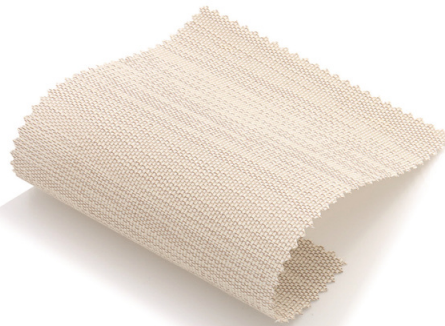

Screens can shift color and texture. BLINDS100 brings the physical books to your home so the final fabric can be viewed against the actual glass, wall, trim and daylight before approval.
