

ZEBRA FABRIC COLLECTION

Zebra Shades

Layered sheer and solid bands for flexible daylight and privacy.

A guided in-home selection

Review the collection online, then confirm color, texture and opacity with the physical fabric in your own light.

Start with the room, not the swatch.

Recommended for Living rooms, dining areas, offices and rooms that change between view and privacy.

01

Open alignment

Lets more daylight pass through the alternating bands.

02

Privacy alignment

Overlaps the solid bands for a more private room.

03

Fabric character

Choose subtle neutrals, warmer texture or stronger contrast.

Your digital shortlist is only the starting point.

Screens can shift color and texture. BLINDS100 brings the physical books to your home so the final fabric can be viewed against the actual glass, wall, trim and daylight before approval.
